*S.O.O*

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: Claims 7-9 have been canceled as being directed to the non-elected invention considered made without traverse in paper filed on 12-20-04. The cancellation of the non-elected claims is made to expedite the application to issue.

2. The following is an examiner's statement of reasons for allowance: The claims have been allowed because, as noted in applicant's remarks, Fortenberry specifically dispenses pills and there is no suggestion that Fortenberry would dispense any other product as from the 'group consisting of a detergent, sanitizer and a rinse aid' as recited in claim 1..Also Fortenberry does not disclose that the pill would be mixed into a diluent (water) , as claimed. The pill is dispensed into a release compartment 40,40' and then deposited into the user's hand.. Davies et al is cited disclosing a bag having detergent therein , however, a weak seal of the bag is opened by the mechanical action of the washing machine to release the detergent after the bag is inserted into the washing machine, and the detergent is not allowed to fall into the device when the strips are separated , as recited in the claim.

3. Davies et al is cited disclosing a type of bag to release the detergent after insertion into a washing machine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
